**Worldwide medical information and assistance**

With one phone call, On Call International can provide you with up-to-date worldwide medical information, including:

- Required and recommended vaccines
- Referrals to area hospitals and providers

A student traveling in Mexico was struck by a bus and was admitted to a local hospital. On Call’s medical team immediately started monitoring her condition. Because it was determined she would be hospitalized alone for more than 7 days, On Call coordinated a round-trip plane ticket for her mother to fly to her bedside. After a week in the hospital, On Call’s medical team and the patient’s treating physician determined the patient was medically stable enough to travel home. On Call arranged for a nurse escort to accompany her home in upgraded seating.
