Oregon State University
Waiver requirements are in effect from 9/11/22 through 9/10/23

International students with no Graduate Assistantship
OSU requires all non-resident international students and their dependents (living in the U.S.) be covered by health insurance. International students are automatically charged for the mandatory health insurance upon registration for classes. The health insurance must meet OSU standards and be fully Affordable Care Act Compliant and be met with one insurance plan

The insurance must provide active coverage for the entire term you are requesting to waive coverage for. You can only submit one health insurance waiver per term. The Student Health Plan office will not review multiple insurance plans. All determinations are final, there is no appeal process. No waiver will be considered for approval in the event that PacificSource Student Health Insurance through OSU has paid any claims for the term that you are requesting to waive out of. The Student Health Plan office reserves the right to terminate a valid waiver if at any time the policy doesn’t meet the waive requirements.
