Source: World Health Organization estimates of tuberculosis incidence by country, 2016. Countries with rates of ≥ 20 cases per 100,000 population.

3. Have you had frequent or prolonged visits to one or more of the countries listed above with a high incidence of TB disease? If yes, CHECK the countries above. Yes No

4. Have you been a resident/employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, or homeless shelters)? Yes No

5. Have you ever been a member of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease: medically underserved, low income or abusing drugs or alcohol? Yes No

Notification of Student Health Services Policies

PRIVACY AND CONFIDENTIALITY

With a student's consent, Student Health Services may disclose information for the purposes of providing medical treatment and bill the student's insurance company for services and treatment received. In some circumstances Student Health Services providers may need to disclose health information without a student's written consent:

- If necessary to protect the health and safety of the student or others;
- As a result of a court order or subpoena;
- To verify to the university whether the student has completed all mandatory immunizations;
- Other instances required by law; for example, certain communicable diseases must be reported to the Benton County Health Department.

For more detail regarding confidentiality notification please consult: <http://studenthealth.oregonstate.edu/general/policies-and-guidelines/privacy-and-confidentiality>.

IMMUNIZATION REQUIREMENTS

OSU policies, Oregon State law (ORS 433.282 and 433.284) and the corresponding Administrative Rules (333-050-0130) require a completed series of Measles, Mumps, and Rubella (MMR) vaccinations. Along with the MMR vaccination, OSU policies also require Quadrivalent Meningococcal (MCV4), Meningococcal B, Hepatitis B, Tdap, and Varicella. For complete immunization information please refer to <http://studenthealth.oregonstate.edu/general/policies-and-guidelines/immunizations-tb-screening-and-health-history>. Immunization records and a completed health history form must be submitted to OSU Student Health Services within the first six weeks of your first term. **If this form and dates of immunization are not submitted within 6 weeks of your first date of attendance at OSU, a registration hold will be placed on your university account.** We strongly advise that students obtain all required immunizations prior to arrival on campus.

RIGHTS AND RESPONSIBILITIES

Patients have the right to impartial access to treatment or accommodations that are available or medically necessary. Patients have the responsibility to provide, to the best of their knowledge, accurate and complete information about present complaints, past illnesses, hospitalizations, medications and other matters relating to their health. For more detail regarding rights and responsibilities, please see: <http://studenthealth.oregonstate.edu/general/policies-and-guidelines/rights-and-responsibilities>.

CHARGES

There are charges for a number of services at Student Health Services, such as lab tests, x-rays, and immunizations.

BILLING PRACTICES

Students presenting to SHS should bring their current insurance card and picture ID.

- For student sponsored Aetna and Pacific Source Plans: We are 'in network' and will directly bill the insurance company. Your student account will only be billed for what is not covered by insurance.
- For all other insurance plans: We bill any 'out of network' plan as a courtesy. The charges will first be applied to your student account. The insurance company may pay you directly, or if the company pays SHS directly we will subtract that amount from your student account.
- For OSU Student Employee Worker's Comp and Motor Vehicle Accidents: We will directly bill and accept payment in full from the covering insurance agency.

OREGON HEALTH PLAN

OSU Student Health Services is not a primary care provider for the Oregon Health Plan (OHP). OHP patients will be held financially responsible for any and all charges incurred at Student Health Services when they are not covered by OHP. You must notify Student Health Services immediately if you have applied for the Oregon Health Plan and are attempting to receive services at Student Health Services.

MEDICARE: OSU Student Health Services is not a service provider for Medicare patients.

PHOTO IDENTIFICATION: Your university photos will be incorporated into the SHS medical record for internal identification and safety purposes.

I have read and understand the above notifications.

To the best of my knowledge, the health and immunization history I have given is accurate. I understand that if this form is not completed within 6 weeks after my first date of attendance at OSU, a registration hold will be placed on my university account.
